Many thanks for your letter and material which I am digesting. The comments on the St.Louis Congress were certainly very interesting and I was grateful for your background information on Arthur Lloyd.

Rather than multiplying letters I enclose photocopies of the relevant pages of the Gibraltar and Fulham Diocesan Gazette. This gives details of the two English chaplaincies(!) and the American Pro Cathedral and the chaplaincy at Maisons-Lafitte.

Professor Fashole-Luke will in fact be staying with John Livingstone at St.George's that Sunday, as his plane from Freetown arrives very early on the Sunday morning. I have had some interesting talk with Eric Doyle recently and both Bishops Valentine and Cameron are going to ring me next weekend when they are in London. I hope to meet them. Professor Griffiss may be staying with me also.

Looking forward to seeing you at Versailles,

Miss Christian Howard,
Coneythorpe,
